### To a Short Form Base Shelf Prospectus Dated September 20, 2013

New Issue

October 11, 2013

# VERESEN

VERESEN INC.

**\$150,000,000**

### **6,000,000 Cumulative Redeemable Preferred Shares, Series C**

We are hereby qualifying for distribution (the "**Offering**") 6,000,000 Cumulative Redeemable Preferred Shares, Series C (the "**Series C Preferred Shares**") at a price of \$25.00 per Series C Preferred Share (the "**Offering Price**"). The holders of Series C Preferred Shares will be entitled to receive, as and when declared by our board of directors (the "**Board of Directors**"), out of moneys of Veresen properly applicable to the payment of dividends, fixed cumulative preferential cash dividends for the initial period from and including the date of issue of the Series C Preferred Shares to, but excluding, March 31, 2019 (the "**Initial Fixed Rate Period**"), at an annual rate of \$1.25 per Series C Preferred Share, payable quarterly on the last day of March, June, September and December in each year, less any tax required to be deducted or withheld by Veresen. If any such date is not a Business Day (as defined herein), the dividend will be paid on the next succeeding Business Day. Assuming an issue date of October 21, 2013, the first dividend, if declared, will be payable on December 31, 2013 in the amount of \$0.2432 per Series C Preferred Share. See "Details of the Offering".

For each five-year period after the Initial Fixed Rate Period (each a "**Subsequent Fixed Rate Period**"), the holders of Series C Preferred Shares will be entitled to receive, as and when declared by the Board of Directors, fixed cumulative preferential cash dividends, payable quarterly on the last day of March, June, September and December in each year, in the amount per share determined by multiplying one-quarter of the Annual Fixed Dividend Rate (as defined herein) for such Subsequent Fixed Rate Period by \$25.00, less any tax required to be deducted or withheld by Veresen. The Annual Fixed Dividend Rate for the ensuing Subsequent Fixed Rate Period will be determined by us on the applicable Fixed Rate Calculation Date (as defined herein) and will be equal to the sum of the Government of Canada Yield (as defined herein) on the applicable Fixed Rate Calculation Date plus a spread of 3.01%. See "Details of the Offering".

The Series C Preferred Shares will not be redeemable prior to March 31, 2019. On March 31, 2019, and on March 31 in every fifth year thereafter, we may, at our option, upon not less than 30 days' and not more than 60 days' prior written notice, redeem for cash all or any part of the outstanding Series C Preferred Shares by the payment of \$25.00 per Series C Preferred Share plus all accrued and unpaid dividends. See "Details of the Offering".

### Option to Convert Series C Preferred Shares into Series D Preferred Shares

The holders of the Series C Preferred Shares will have the right to convert all or any of their shares into our Cumulative Redeemable Preferred Shares, Series D (the "**Series D Preferred Shares**"), subject to certain conditions, on March 31, 2019 and on March 31 in every fifth year thereafter. The holders of the Series D Preferred Shares will be entitled to receive, as and when declared by the Board of Directors, quarterly floating rate cumulative preferential cash dividends, payable on the last day of March, June, September and December in each year, in the amount per share determined by multiplying the Floating Quarterly Dividend Rate (as defined herein) for such Quarterly Floating Rate Period (as defined herein) by \$25.00 and multiplying that product by a fraction, the numerator of which is the actual number of days in such Quarterly Floating Rate Period and the denominator of which is 365 or 366, depending upon the actual number of days in the applicable year, less any tax required to be deducted or withheld by Veresen. If any such date is not a Business Day, the dividend will be paid on the next succeeding Business Day. The Floating Quarterly Dividend Rate will be the annual rate of interest equal to the sum of the T-Bill Rate (as defined herein) on the applicable Floating Rate Calculation Date (as defined herein) plus a spread of 3.01%. See "Details of the Offering".

The Series C Preferred Shares and Series D Preferred Shares are series of shares in the same class. The conversion right entitles holders to elect periodically which of the two series they wish to hold, subject to certain restrictions and automatic conversion in certain circumstances, and does not entitle holders to receive a different class or type of securities. Other than the different dividend rights and redemption rights attached thereto, the Series C Preferred Shares and the Series D Preferred Shares are identical in all material respects. See "Details of the Offering".

**There is no market through which the Series C Preferred Shares may be sold and purchasers may not be able to resell Series C Preferred Shares purchased under this prospectus supplement. This may affect the pricing of the Series C Preferred Shares in the secondary market, the transparency and availability of trading prices, the liquidity of the Series C Preferred Shares and the extent of issuer regulation. See "Risk Factors".** The Toronto Stock Exchange (the "TSX") has conditionally approved the listing of the Series C Preferred Shares and the

Series D Preferred Shares. Listing will be subject to us fulfilling all of the listing requirements of the TSX on or before January 9, 2014, including distribution of the Series C Preferred Shares to a minimum number of public securityholders.

**An investment in the Series C Preferred Shares and the Series D Preferred Shares involves certain risks that should be considered by a prospective purchaser. See "Risk Factors".**

Scotia Capital Inc., TD Securities Inc., CIBC World Markets Inc., RBC Dominion Securities Inc., BMO Nesbitt Burns Inc. and National Bank Financial Inc. are acting as underwriters (collectively, the "**Underwriters**") of the Offering. The Underwriters, as principals, conditionally offer the Series C Preferred Shares, subject to prior sale, if, as and when issued, sold and delivered by us to, and accepted by, the Underwriters in accordance with the terms and conditions contained in the Underwriting Agreement referred to under "Plan of Distribution" and subject to the approval of certain legal matters on our behalf by Bennett Jones LLP and on behalf of the Underwriters by Blake, Cassels & Graydon LLP. Subject to applicable laws, the Underwriters may, in connection with the Offering, effect transactions which stabilize or maintain the market price of the Series C Preferred Shares at levels other than those which may prevail on the open market. Such transactions, if commenced, may be discontinued at any time. See "Plan of Distribution".

**Scotia Capital Inc., TD Securities Inc., CIBC World Markets Inc., RBC Dominion Securities Inc. and National Bank Financial Inc. are directly or indirectly, subsidiaries or affiliates of Canadian chartered banks that are lenders to us under our Revolving Credit Facility (as defined herein). Accordingly, pursuant to applicable securities legislation, we may be considered a "connected issuer" of such Underwriters. See "Relationship Among the Corporation and Certain Underwriters".**

Subscriptions for the Series C Preferred Shares will be received subject to rejection or allotment in whole or in part and the right is reserved to close the subscription books at any time without notice. It is expected that the closing of the Offering will take place on or about October 21, 2013 (the "**Closing Date**"), or such other date as may be agreed upon by the Underwriters and us, but not later than October 31, 2013. One or more book entry only certificates representing the Series C Preferred Shares distributed hereunder will be issued in registered form only to CDS Clearing and Depository Services Inc. ("**CDS**") or its nominee and will be deposited with CDS on the Closing Date. See "Depository Services".

**The Underwriters propose to offer the Series C Preferred Shares initially at the offering price specified above. After a reasonable effort has been made to sell all of the Series C Preferred Shares at the price specified, the Underwriters may subsequently reduce the selling price to investors from time to time in order to sell any of the Series C Preferred Shares remaining unsold. Any such reduction will not affect the proceeds received by us. See "Plan of Distribution".**

## EARNINGS COVERAGE

The following consolidated earnings coverage ratios of Veresen are calculated for the twelve-month period ended December 31, 2012 based on audited financial information and for the twelve month period ended June 30, 2013 based on unaudited financial information and giving effect to the issue of the Series C Preferred Shares pursuant to this Offering (assuming the Underwriters' Option is not exercised). The earnings coverage ratios set out below do not purport to be indicative of earnings coverage ratios for any future period.

	Twelve Months Ended December 31, 2012	Twelve Months Ended June 30, 2013
Earnings coverage <sup>(1)</sup> .....	1.80	1.74

### Note:

- (1) Earnings coverage is equal to net earnings plus non-controlling interest, income taxes, preferred share dividends and interest expense, divided by preferred share dividends (grossed up to a before tax equivalent at a rate of 25%.) and interest expense.

Our Preferred Share dividend requirements, after giving effect to the issue of the Series C Preferred Shares to be distributed pursuant to the Offering (assuming the Underwriters' Option is not exercised) and adjusted to a before tax equivalent using an effective income tax rate of 25%, amounted to approximately \$20.3 million and \$21.7 million for each of the 12 month periods ended December 31, 2012 and June 30, 2013, respectively. Our interest expense requirements for the twelve month period ended December 31, 2012 and for the twelve month period ended June 30, 2013 amounted to approximately \$58.6 million and \$61.7 million, respectively. Veresen's earnings before interest and income tax for the twelve month period ended December 31, 2012 and for the 12 month period ended

June 30, 2013 were approximately \$141.6 million and \$145.1 million, respectively, which is 1.80 times and 1.74 times our aggregate Preferred Share dividend requirements and interest requirements for these periods, respectively.

We evaluate our performance using a variety of measures. Earnings coverage discussed above is not defined under U.S. GAAP and, therefore, should not be considered in isolation or as an alternative to, or more meaningful than, net earnings as determined in accordance with U.S. GAAP as an indicator of Veresen's financial performance or liquidity. This measure is not necessarily comparable to a similarly titled measure of another company.

### **Certain Provisions of the Series C Preferred Shares**

#### *Issue Price*

The Series C Preferred Shares will have an issue price of \$25.00 per share.

#### *Dividends on Series C Preferred Shares*

During the Initial Fixed Rate Period, the holders of the Series C Preferred Shares will be entitled to receive and we will pay, as and when declared by the Board of Directors, out of the moneys of Veresen properly applicable to the payment of dividends, fixed cumulative preferential cash dividends at an annual rate of \$1.25 per share, payable quarterly on each Dividend Payment Date in each year, less any tax required to be deducted or withheld by Veresen. The first dividend, if declared, will be payable on December 31, 2013, and, notwithstanding the foregoing, will be in the amount per share determined by multiplying \$1.25 by the number of days in the period from and including the anticipated date of issue of the Series C Preferred Shares of October 21, 2013 to, but excluding, December 31, 2013, and dividing that product by 365, being the amount of \$0.2432 per Series C Preferred Share, less any tax required to be deducted or withheld by Veresen.

During each Subsequent Fixed Rate Period, the holders of the Series C Preferred Shares will be entitled to receive and we will pay, as and when declared by the Board of Directors, out of the moneys of Veresen properly applicable to the payment of dividends, fixed cumulative preferential cash dividends, payable quarterly on each Dividend Payment Date, in the amount per share determined by multiplying one-quarter of the Annual Fixed Dividend Rate for such Subsequent Fixed Rate Period by \$25.00, less any tax required to be deducted or withheld by Veresen.

On each Fixed Rate Calculation Date, we will determine the Annual Fixed Dividend Rate for the ensuing Subsequent Fixed Rate Period. We will, on each Fixed Rate Calculation Date, give written notice of the Annual Fixed Dividend Rate for the ensuing Subsequent Fixed Rate Period to the registered holders of the then outstanding Series C Preferred Shares.

#### *Redemption of Series C Preferred Shares*

The Series C Preferred Shares will not be redeemable prior to March 31, 2019. Subject to the provisions described under "Restrictions on Payments and Reductions of Capital", on March 31, 2019, and on March 31 in every fifth year thereafter, we may, at our option, redeem all or any part of the Series C Preferred Shares by the payment of an

amount in cash for each share to be redeemed equal to \$25.00 plus all accrued and unpaid dividends thereon to, but excluding, the date fixed for redemption, less any tax required to be deducted or withheld by Veresen. Should any such date not be a Business Day, the redemption date will be the next succeeding Business Day.

Notice of any redemption of Series C Preferred Shares will be given by Veresen not more than 60 days and not less than 30 days prior to the date fixed for redemption. If less than all of the outstanding Series C Preferred Shares are at any time to be redeemed, the shares so to be redeemed will be selected by lot in such manner as the Board of Directors or the transfer agent, if any, appointed by Veresen in respect of such shares shall decide, or, if the Board of Directors so decides, such shares may be redeemed *pro rata* (disregarding fractions).

If Veresen gives notice to the holders of the Series C Preferred Shares of the redemption of all of the Series C Preferred Shares, the right of a holder of Series C Preferred Shares to convert such Series C Preferred Shares shall terminate and we will not be required to give notice to the registered holders of the Series C Preferred Shares of an Annual Fixed Dividend Rate, a Floating Quarterly Dividend Rate or the conversion right of holders of Series C Preferred Shares.

#### *Conversion of Series C Preferred Shares into the Series D Preferred Shares*

The Series C Preferred Shares will not be convertible prior to March 31, 2019. Holders of Series C Preferred Shares will have the right to elect to convert on each Series C Conversion Date, subject to restrictions on conversion described below, all or any of their Series C Preferred Shares into the Series D Preferred Shares on the basis of one Series D Preferred Share for each Series C Preferred Share. Notice of a holder's intention to convert Series C Preferred Shares must be received by the transfer agent and registrar for the Series C Preferred Shares at its principal office in Toronto or Calgary not earlier than the 30th day prior to, but not later than 5:00 p.m. (Toronto time) on the 15th day preceding, a Series C Conversion Date. Once received by the transfer agent and registrar on behalf of Veresen the election of a holder to convert is irrevocable.

We will, not more than 60 days and not less than 30 days prior to the applicable Series C Conversion Date, give notice to the then registered holders of the Series C Preferred Shares of the conversion right. On the 30th day prior to each Series C Conversion Date, we will give notice to the then registered holders of the Series C Preferred Shares of the Annual Fixed Dividend Rate for the Series C Preferred Shares for the next succeeding Subsequent Fixed Rate Period and the Floating Quarterly Dividend Rate for the Series D Preferred Shares for the next succeeding Quarterly Floating Rate Period.

Holders of Series C Preferred Shares shall not be entitled to convert their shares into Series D Preferred Shares if we determine that there would remain outstanding on a Series C Conversion Date less than 1,000,000 Series D Preferred Shares, after having taken into account all Series C Preferred Shares tendered for conversion into Series D Preferred Shares and all Series D Preferred Shares tendered for conversion into Series C Preferred Shares. Furthermore, if we determine that there would remain outstanding on a Series C Conversion Date less than 1,000,000 Series C Preferred Shares, after having taken into account all Series C Preferred Shares tendered for conversion into Series D Preferred Shares and all Series D Preferred Shares tendered for conversion into Series C Preferred Shares, then all of the remaining outstanding Series C Preferred Shares shall be converted automatically into Series D Preferred Shares on the basis of one Series D Preferred Share for each Series C Preferred Share on the applicable Series C Conversion Date.

We reserve the right not to deliver Series D Preferred Shares to any person that we or our transfer agent has reason to believe is a person whose address is in, or that we or our transfer agent has reason to believe is a resident of, any jurisdiction outside Canada if such delivery would require us to take any action to comply with the securities laws of such jurisdiction.

The Series C Preferred Shares and the Series D Preferred Shares are series of shares in the same class. The conversion right entitles holders to elect periodically which of the two series they wish to hold and does not entitle holders to receive a different class or type of securities. Other than the different dividend rights and redemption rights attached thereto, the Series C Preferred Shares and the Series D Preferred Shares are identical in all material respects.

### *Purchase for Cancellation*

Subject to the provisions described under "Restrictions on Payments and Reductions of Capital", we may from time to time purchase for cancellation all or any part of the Series C Preferred Shares at any price by tender to all holders of Series C Preferred Shares or through the facilities of any stock exchange on which the Series C Preferred Shares are listed, or in any other manner, provided that in the case of a purchase in any other manner the price for such Series C Preferred Shares so purchased for cancellation shall not exceed the highest price offered for a board lot of Series C Preferred Shares on any stock exchange on which such shares are listed on the date of purchase for cancellation, plus costs of purchase.

### *Rights on Liquidation*

In the event of the liquidation, dissolution or winding-up of Veresen, whether voluntary or involuntary, or any other distribution of assets of Veresen among our shareholders for the purpose of winding up our affairs, the holders of the Series C Preferred Shares will be entitled to receive \$25.00 per Series C Preferred Share plus all accrued and unpaid dividends thereon (less any tax required to be deducted or withheld by Veresen) before any amount will be paid or any property or assets of Veresen will be distributed to the holders of any shares ranking junior to the Series C Preferred Shares. After payment to the holders of the Series C Preferred Shares of the amount so payable to them, they will not, as such, be entitled to share in any further distribution of the property or assets of Veresen.

### *Restrictions on Payments and Reductions of Capital*

So long as any Series C Preferred Shares are outstanding, we will not:

- (a) call for redemption, purchase, reduce or otherwise pay off less than all the Series C Preferred Shares and all other Preferred Shares then outstanding ranking prior to or on parity with the Series C Preferred Shares with respect to payment of dividends,
- (b) declare, pay or set apart for payment any dividends (other than stock dividends in shares of Veresen ranking junior to the Series C Preferred Shares) on the Common Shares or any other shares of Veresen ranking junior to the Series C Preferred Shares with respect to payment of dividends, or
- (c) call for redemption, purchase, reduce or otherwise pay off any shares of Veresen ranking junior to the Series C Preferred Shares with respect to repayment of capital or with respect to payment of dividends,

unless all dividends up to and including the dividends payable on the last preceding dividend payment dates on the Series C Preferred Shares and on all other Preferred Shares then outstanding ranking prior to or on parity with the Series C Preferred Shares with respect to payment of dividends will have been declared and paid or set apart for payment at the date of any such action.

### *Voting Rights*

The holders of the Series C Preferred Shares are not entitled to any voting rights or to receive notice of or to attend shareholders' meetings unless dividends on the Series C Preferred Shares are in arrears to the extent of eight quarterly dividends, whether or not consecutive and whether or not such dividends have been declared and whether or not there are any moneys of Veresen properly applicable to the payment of the dividends. Until all arrears of dividends have been paid, holders of Series C Preferred Shares will be entitled to receive notice of and to attend all shareholders' meetings (other than separate meetings of holders of another class or series of shares) at which directors are to be elected and to one vote in respect of each Series C Preferred Share held with respect to resolutions to elect directors.

### *Tax Election*

The Series C Preferred Shares will be "taxable preferred shares" as defined in the *Income Tax Act* (Canada) (the "**Tax Act**") for purposes of the tax under Part IV.1 of the Tax Act applicable to certain corporate holders of the

Series C Preferred Shares. The terms of the Series C Preferred Shares require Veresen to make the necessary election under Part VI.1 of the Tax Act so that such corporate holders will not be subject to the tax under Part IV.1 of the Tax Act on dividends received (or deemed to be received) on the Series C Preferred Shares. See "Canadian Federal Income Tax Considerations — Dividends".

#### *Business Day*

If any day on which any dividend on the Series C Preferred Shares is payable by Veresen or on or by which any other action is required to be taken by Veresen is not a Business Day, then such dividend will be payable and such other action may be taken on or by the next succeeding day that is a Business Day.

### **Certain Provisions of the Series D Preferred Shares**

#### *Issue Price*

The Series D Preferred Shares will be issuable only upon conversion of Series C Preferred Shares and will have an ascribed issue price of \$25.00 per share.

#### *Dividends on the Series D Preferred Shares*

During each Quarterly Floating Rate Period, the holders of the Series D Preferred Shares will be entitled to receive and we will pay, as and when declared by the Board of Directors, out of the moneys of Veresen properly applicable to the payment of dividends, cumulative preferential cash dividends, payable on each Dividend Payment Date, in the amount per share determined by multiplying the Floating Quarterly Dividend Rate for such Quarterly Floating Rate Period by \$25.00 and multiplying that product by a fraction, the numerator of which is the actual number of days in such Quarterly Floating Rate Period and the denominator of which is 365 or 366, depending upon the actual number of days in the applicable year, less any tax required to be deducted or withheld by Veresen.

On each Floating Rate Calculation Date, we will determine the Floating Quarterly Dividend Rate for the ensuing Quarterly Floating Rate Period. We will, on each Floating Rate Calculation Date, give written notice of the Floating Quarterly Dividend Rate for the ensuing Quarterly Floating Rate Period to the registered holders of the then outstanding Series D Preferred Shares.

#### *Redemption of the Series D Preferred Shares*

Subject to the provisions described under "Restrictions on Payments and Reductions of Capital", we may redeem all or any part of the Series D Preferred Shares by the payment of an amount in cash for each share to be redeemed equal to (i) \$25.00 in the case of redemptions on any Series D Conversion Date, or (ii) \$25.50 in the case of redemptions on any date after March 31, 2019 that is not a Series D Conversion Date, in each case plus all accrued and unpaid dividends thereon to, but excluding, the date fixed for redemption, less any tax required to be deducted or withheld by Veresen. Should any such date not be a Business Day, the redemption date will be the next succeeding Business Day.

Notice of any redemption of the Series D Preferred Shares will be given by Veresen not more than 60 days and not less than 30 days prior to the date fixed for redemption. If less than all of the outstanding Series D Preferred Shares are at any time to be redeemed, the shares so to be redeemed will be selected by lot in such manner as the Board of Directors or the transfer agent, if any, appointed by Veresen in respect of such shares shall decide, or, if the Board of Directors so decides, such shares may be redeemed *pro rata* (disregarding fractions).

If we give notice to the holders of the Series D Preferred Shares of the redemption of all of the Series D Preferred Shares, the right of a holder of Series D Preferred Shares to convert such Series D Preferred Shares shall terminate and we will not be required to give notice to the registered holders of the Series D Preferred Shares of an Annual Fixed Dividend Rate, a Floating Quarterly Dividend Rate or the conversion right of holders of Series D Preferred Shares.

### *Conversion of the Series D Preferred Shares into Series C Preferred Shares*

The Series D Preferred Shares will not be convertible prior to March 31, 2024. Holders of the Series D Preferred Shares will have the right to convert on each Series D Conversion Date, subject to restrictions on conversion described below, all or any of their Series D Preferred Shares into Series C Preferred Shares on the basis of one Series C Preferred Share for each Series D Preferred Share. Notice of a holder's intention to convert the Series D Preferred Shares must be received by the transfer agent and registrar for the Series D Preferred Shares at its principal office in Toronto or Calgary not earlier than the 30th day prior to, but not later than 5:00 p.m. (Toronto time) on the 15th day preceding, a Series D Conversion Date. Once received by the transfer agent and registrar on behalf of us, the election of a holder to convert is irrevocable.

We will, not more than 60 days and not less than 30 days prior to the applicable Series D Conversion Date, give notice to the then registered holders of the Series D Preferred Shares of the conversion right. On the 30th day prior to each Series D Conversion Date, we will give notice to the then registered holders of the Series D Preferred Shares of the Annual Fixed Dividend Rate for the Series C Preferred Shares for the next succeeding Subsequent Fixed Rate Period and the Floating Quarterly Dividend Rate for the Series D Preferred Shares for the next succeeding Quarterly Floating Rate Period.

Holders of Series D Preferred Shares shall not be entitled to convert their shares into Series C Preferred Shares if we determine that there would remain outstanding on a Series D Conversion Date less than 1,000,000 Series C Preferred Shares, after having taken into account all Series C Preferred Shares tendered for conversion into Series D Preferred Shares and all Series D Preferred Shares tendered for conversion into Series C Preferred Shares. Furthermore, if we determine that there would remain outstanding on a Series D Conversion Date less than 1,000,000 Series D Preferred Shares, after having taken into account all Series C Preferred Shares tendered for conversion into Series D Preferred Shares and all Series D Preferred Shares tendered for conversion into Series C Preferred Shares, then all of the remaining outstanding Series D Preferred Shares shall be converted automatically into Series C Preferred Shares on the basis of one Series C Preferred Share for each Series D Preferred Share on the applicable Series D Conversion Date.

We reserve the right not to deliver Series C Preferred Shares to any person that we or our transfer agent has reason to believe is a person whose address is in, or that we or our transfer agent has reason to believe is a resident of, any jurisdiction outside Canada if such delivery would require us to take any action to comply with the securities laws of such jurisdiction.

The Series C Preferred Shares and the Series D Preferred Shares are series of shares in the same class. The conversion right entitles holders to elect periodically which of the two series they wish to hold and does not entitle holders to receive a different class or type of securities. Other than the different dividend rights and redemption rights attached thereto, the Series C Preferred Shares and the Series D Preferred Shares are identical in all material respects.

### *Purchase for Cancellation*

Subject to the provisions described under "Restrictions on Payments and Reductions of Capital", we may from time to time purchase for cancellation all or any part of the Series D Preferred Shares at any price by tender to all holders of Series D Preferred Shares or through the facilities of any stock exchange on which the Series D Preferred Shares are listed, or in any other manner, provided that in the case of a purchase in any other manner the price for such Series D Preferred Shares so purchased for cancellation shall not exceed the highest price offered for a board lot of Series D Preferred Shares on any stock exchange on which such shares are listed on the date of purchase for cancellation, plus costs of purchase.

### *Rights on Liquidation*

In the event of the liquidation, dissolution or winding-up of Veresen, whether voluntary or involuntary, or any other distribution of assets of Veresen among our shareholders for the purpose of winding up our affairs, the holders of the Series D Preferred Shares will be entitled to receive \$25.00 per Series D Preferred Share plus all accrued and unpaid

dividends thereon (less any tax required to be deducted or withheld by Veresen) before any amount will be paid or any property or assets of Veresen will be distributed to the holders of shares ranking junior to the Series D Preferred Shares. After payment to the holders of the Series D Preferred Shares of the amount so payable to them, they will not, as such, be entitled to share in any further distribution of the property, or assets of Veresen.

#### *Restrictions on Payments and Reductions of Capital*

So long as any Series D Preferred Shares are outstanding, we will not:

- (a) call for redemption, purchase, reduce or otherwise pay off less than all the Series D Preferred Shares and all other Preferred Shares then outstanding ranking prior to or on parity with the Series D Preferred Shares with respect to payment of dividends,
- (b) declare, pay or set apart for payment any dividends (other than stock dividends in shares of Veresen ranking junior to the Series D Preferred Shares) on the Common Shares or any other shares of Veresen ranking junior to the Series D Preferred Shares with respect to payment of dividends, or
- (c) call for redemption, purchase, reduce or otherwise pay for any shares of Veresen ranking junior to the Series D Preferred Shares with respect to repayment of capital or with respect to payment of dividends,

unless all dividends up to and including the dividends payable on the last preceding dividend payment dates on the Series D Preferred Shares and on all other Preferred Shares then outstanding ranking prior to or on parity with the Series D Preferred Shares with respect to payment of dividends will have been declared and paid or set apart for payment at the date of any such action.

#### *Voting Rights*

The holders of the Series D Preferred Shares are not entitled to any voting rights or to receive notice of or to attend shareholders' meetings unless dividends on the Series D Preferred Shares are in arrears to the extent of eight quarterly dividends, whether or not consecutive and whether or not such dividends have been declared and whether or not there are any moneys of Veresen properly applicable to the payment of the dividends. Until all arrears of dividends have been paid, holders of the Series D Preferred Shares will be entitled to receive notice of and to attend all shareholders' meetings (other than separate meetings of holders of another class or series of shares) at which directors are to be elected and to one vote in respect of each Series D Preferred Share held with respect to resolutions to elect directors.

#### *Tax Election*

The Series D Preferred Shares will be "taxable preferred shares" as defined in the Tax Act for purposes of the tax under Part IV.1 of the Tax Act applicable to certain corporate holders of the Series D Preferred Shares. The terms of the Series D Preferred Shares require Veresen to make the necessary election under Part VI.1 of the Tax Act so that such corporate holders will not be subject to the tax under Part IV.1 of the Tax Act on dividends received (or deemed to be received) on the Series D Preferred Shares. See "Canadian Federal Income Tax Considerations — Dividends".

#### *Business Day*

If any day on which any dividend on the Series D Preferred Shares is payable by Veresen or on or by which any other action is required to be taken by Veresen is not a Business Day, then such dividend will be payable and such other action may be taken on or by the next succeeding day that is a Business Day.

### **RATINGS**

The Series C Preferred Shares have been rated Pfd-3 (high) by DBRS Limited ("**DBRS**") and P-3 (High) by Standard & Poor's, a division of The McGraw Hill Companies, Inc. ("**S&P**") (DBRS and S&P are each a "**Rating**")

**Agency**"). Ratings are intended to provide investors with an independent measure of credit quality of an issue of securities. The Rating Agencies' ratings for preferred shares range from a high of Pfd-1 to a low of D for DBRS and from a high of P-1 to a low of D for S&P.

A Pfd-3 rating by DBRS is the third highest of six categories granted by DBRS. According to the DBRS rating system, securities rated Pfd-3 are of adequate credit quality. While protection of dividends and principal is still considered acceptable, the issuing entity is more susceptible to adverse changes in financial and economic conditions, and there may be other adverse conditions present which detract from debt protection. "high" or "low" grades are used to indicate the relative standing within a rating category. The absence of either a "high" or "low" designation indicates the rating is in the middle of the category.

According to the S&P rating system, securities rated P-3 are regarded as having significant speculative characteristics. While such securities will likely have some quality and protective characteristics, these may be outweighed by large uncertainties or major exposures to adverse conditions. The ratings from P-1 to P-5 may be modified by "High" and "Low" grades which indicate relative standing within the major rating categories.

Credit ratings are intended to provide investors with an independent measure of credit quality of an issue of securities. The ratings accorded to the Series C Preferred Shares by the Rating Agencies are not recommendations to purchase, hold or sell such shares inasmuch as such ratings do not comment as to market price or suitability for a particular investor. There is no assurance that any rating will remain in effect for any given period of time or that any rating will not be revised or withdrawn entirely by a Rating Agency in the future if, in its judgment, circumstances so warrant. The lowering of any rating of the Series C Preferred Shares may negatively affect the quoted market price, if any, of such shares.

We will pay fees to each of S&P and DBRS for the credit ratings to be rendered on the Series C Preferred Shares. We have also paid fees to each of S&P and DBRS for credit ratings provided on other outstanding securities of Veresen. Additional information relating to such other ratings is included under the heading "Ratings" in the AIF. Other than those payments made in respect of credit ratings, no additional payments have been made to either of S&P and DBRS for any other services provided to Veresen during the past two years.

## **DEPOSITORY SERVICES**

The Series C Preferred Shares and the Series D Preferred Shares will be issued in "book entry only" form and must be purchased or transferred through a participant in the CDS depository service ("**CDS Participant**"). We will cause a global certificate or certificates representing any newly issued Series C Preferred Shares or the Series D Preferred Shares to be delivered to, and registered in the name of, CDS or its nominee. All rights of holders of Series C Preferred Shares or the Series D Preferred Shares must be exercised through, and all payments or other property to which such holder of Series C Preferred Shares or the Series D Preferred Shares, as the case may be, is entitled, will be made or delivered by, CDS or the CDS Participant through which the holder of Series C Preferred Shares or the Series D Preferred Shares holds such shares. Each person who acquires Series C Preferred Shares or the Series D Preferred Shares will receive only a customer confirmation of purchase from the registered dealer from or through which the Series C Preferred Shares or the Series D Preferred Shares are acquired in accordance with the practices and procedures of that registered dealer. The practices of registered dealers may vary, but generally customer confirmations are issued promptly after execution of a customer order. CDS is responsible for establishing and maintaining book entry accounts for its CDS Participants having interests in the Series C Preferred Shares or the Series D Preferred Shares.

The ability of a beneficial owner of Series C Preferred Shares or the Series D Preferred Shares to pledge such shares or otherwise take action with respect to such owner's interest in such shares (other than through a CDS Participant) may be limited due to the lack of a physical certificate.

Neither we nor the Underwriters will assume any liability for: (a) any aspect of the records relating to the beneficial ownership of the Series C Preferred Shares or the Series D Preferred Shares held by CDS or the payments relating thereto; (b) maintaining, supervising or reviewing any records relating to the Series C Preferred Shares or the Series D Preferred Shares; or (c) any advice or representation made by or with respect to CDS and those contained in this prospectus supplement and relating to the rules governing CDS or any action to be taken by CDS or at the direction

of its CDS Participants. The rules governing CDS provide that it acts as the agent and depository for the CDS Participants. As a result, CDS Participants must look solely to CDS and persons, other than CDS Participants, having an interest in the Series C Preferred Shares or the Series D Preferred Shares must look solely to CDS Participants for payments made by or on behalf of us to CDS in respect of the Series C Preferred Shares or the Series D Preferred Shares.

If (i) required by applicable law, (ii) the book entry only system ceases to exist, (iii) CDS advises us that it is no longer willing or able to discharge properly its responsibilities as depository with respect to the Series C Preferred Shares or the Series D Preferred Shares and we are unable to locate a qualified successor, or (iv) we, at our option, decide to terminate the book entry only system, then certificates representing the Series C Preferred Shares and the Series D Preferred Shares, as applicable, will be made available.

## PLAN OF DISTRIBUTION

Pursuant to an underwriting agreement dated October 11, 2013 (the "**Underwriting Agreement**") between Veresen and the Underwriters, we have agreed to issue and sell, and the Underwriters have agreed to purchase, as principals, on the Closing Date, 6,000,000 Series C Preferred Shares offered hereby at the Offering Price of \$25.00 per Series C Preferred Share, payable in cash, subject to compliance with all the necessary legal requirements and to the conditions contained in the Underwriting Agreement. The Offering Price and other terms of the Offering were determined by negotiation between the Underwriters and us.

The Underwriting Agreement provides that, in consideration of the services of the Underwriters in connection with the Offering, we will pay the Underwriters a fee of \$0.25 per Series C Preferred Share issued and sold by us to certain institutions, and \$0.75 per Series C Preferred Share for all other Series C Preferred Shares issued and sold by us as part of the Offering, for an aggregate fee payable by us of \$4.5 million, assuming that no Series C Preferred Shares are sold to such institutions. The Underwriters' fee is payable on the Closing Date.

We have granted the Underwriters the Underwriters' Option to purchase up to an aggregate of 2,000,000 additional Series C Preferred Shares exercisable at any time up to 48 hours prior to the closing of the Offering. To the extent that the Underwriters' Option is exercised, the additional Series C Preferred Shares to be issued pursuant to the exercise of the Underwriters' Option will be purchased by the Underwriters at a price of \$25.00 per share. This prospectus supplement qualifies the distribution of the Series C Preferred Shares issuable upon exercise of the Underwriters' Option.

Veresen has agreed that, subject to certain exceptions, it shall not issue or agree to issue any Preferred Shares or other securities convertible into, or exchangeable for, Preferred Shares prior to 90 days after the Closing Date without the prior consent of Scotia Capital Inc. and TD Securities Inc. on behalf of the Underwriters, which consent shall not be unreasonably withheld.

Pursuant to policy statements of certain securities regulators, the Underwriters may not, throughout the period of distribution, bid for or purchase Series C Preferred Shares. The policy statements allow certain exceptions to the foregoing prohibitions. The Underwriters may only avail themselves of such exceptions on the condition that the bid or purchase not be engaged in for the purpose of creating actual or apparent active trading in, or raising the price of, the Series C Preferred Shares. These exceptions include a bid or purchase permitted under the Universal Market Integrity Rules of the Investment Industry Regulatory Organization of Canada, relating to market stabilization and passive market making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution pursuant to the first mentioned exception. If, following the closing of the Offering, the market price of the Series C Preferred Shares is below the Offering Price, the short position created by the over-allocation position in Series C Preferred Shares may be filled through purchases in the market, creating upward pressure on the price of the Series C Preferred Shares. Such transactions, if commenced, may be discontinued at any time.

The Underwriters propose to offer the Series C Preferred Shares initially at the Offering Price specified above. After a reasonable effort has been made to sell all of the Series C Preferred Shares at the price specified, the Underwriters may subsequently reduce the selling price to investors from time to time in order to sell any of the Series C Preferred Shares remaining unsold. Any such reduction will not affect the proceeds received by us.

The obligations of the Underwriters under the Underwriting Agreement are several and not joint and may be terminated at their discretion in certain circumstances, including upon the occurrence of certain stated events. Such events include, but are not limited to, (a) a material adverse change or change in a material fact which is expected to have a significant adverse effect on the market price or value of the Series C Preferred Shares or any other securities of Veresen or the marketability of the Series C Preferred Shares; and (b) any event, action, state, condition or occurrence of national or any law, action, regulation or other occurrence of any whatsoever which seriously adversely affects, or involves, or will seriously adversely affect, or involve, the financial markets or the business, operations or affairs of Veresen and its subsidiaries on a consolidated basis. If an Underwriter fails to purchase the Series C Preferred Shares which it has agreed to purchase, the other Underwriters may, but are not obligated to, purchase such Series C Preferred Shares, provided that, if the aggregate number of Series C Preferred Shares not purchased is less than or equal to 9% of the aggregate number of Series C Preferred Shares agreed to be purchased by the Underwriters, then each of the other Underwriters is obligated to purchase severally the Series C Preferred Shares not taken up, on a pro rata basis or as they may otherwise agree as between themselves. If the aggregate number of Series C Preferred Shares not purchased is greater than 9% of the aggregate number of Series C Preferred Shares agreed to be purchased by the Underwriters, then each of the other Underwriters shall be relieved of its obligations to purchase its respective percentage of the Series C Preferred Shares, subject to the terms and conditions of the Underwriting Agreement. The Underwriters are, however, obligated to take up and pay for all of the Series C Preferred Shares if any are purchased under the Underwriting Agreement. Under the terms of the Underwriting Agreement, the Underwriters may be entitled to indemnification by Veresen against certain liabilities, including liabilities for misrepresentation in this prospectus supplement and the Prospectus.

**There is no market through which the Series C Preferred Shares may be sold and purchasers may not be able to resell Series C Preferred Shares purchased under this prospectus supplement.** The TSX has conditionally approved the listing of the Series C Preferred Shares and the Series D Preferred Shares. Listing will be subject to us fulfilling all of the listing requirements of the TSX on or before January 9, 2014, including distribution of the Series C Preferred Shares to a minimum number of public securityholders.

We and, if applicable, our agents or underwriters, reserve the right to reject any offer to purchase Series C Preferred Shares in whole or in part. We also reserve the right to withdraw, cancel or modify the offering of Series C Preferred Shares hereunder without notice.

The Series C Preferred Shares have not been and will not be registered under the U.S. Securities Act, or the securities laws of any state of the United States and, accordingly may not be offered or sold within the United States.

#### **RELATIONSHIP AMONG THE CORPORATION AND CERTAIN UNDERWRITERS**

Scotia Capital Inc., TD Securities Inc., CIBC World Markets Inc., RBC Dominion Securities Inc. and National Bank Financial Inc. are indirect wholly-owned subsidiaries of Canadian chartered banks that are lenders under our Revolving Credit Facility. Consequently, we may be considered to be a connected issuer of such Underwriters for the purposes of applicable securities legislation.

See "Liquidity and Capital Resources" in the 2012 MD&A for a description of the material terms of the Revolving Credit Facility and "Consolidated Capitalization" for information regarding amounts outstanding under the Revolving Credit Facility.

As of the date of this prospectus supplement, we are in compliance with the terms of the Revolving Credit Facility. Since the indebtedness under the Revolving Credit Facility was incurred, our consolidated financial position has not changed materially. None of the lenders have waived any breach of the Revolving Credit Facility since their respective execution.

The decision to distribute the Series C Preferred Shares hereunder and the determination of the terms of the Offering were made through negotiation between the Underwriters and us. No lender had any involvement in such decision or determination. A part or all of the proceeds of the Offering will be used to repay amounts outstanding under the Revolving Credit Facility. See "Use of Proceeds".

## ELIGIBILITY FOR INVESTMENT

In the opinion of Bennett Jones LLP, counsel to the Corporation, and Blake, Cassels & Graydon LLP, counsel to the Underwriters (collectively, "**Counsel**"), based on the current provisions of the Tax Act and the regulations thereunder (the "**Regulations**"), subject to the provisions of any particular plan, the Series C Preferred Shares, if issued on the date hereof, generally would be qualified investments for the purposes of the Tax Act and the Regulations for a trust governed by a registered retirement savings plan (a "**RRSP**"), a registered retirement income fund (a "**RRIF**"), a registered education savings plan, a registered disability savings plan, a deferred profit sharing plan, or a tax-free savings account (a "**TFSA**").

Notwithstanding that the Series C Preferred Shares may be qualified investments for a trust governed by an RRSP, RRIF or a TFSA, the annuitant under an RRSP or RRIF or the holder of a TFSA may be subject to a penalty tax if the Series C Preferred Shares are "prohibited investments" for the RRSP, RRIF or TFSA within the meaning of the Tax Act. The Series C Preferred Shares will be "prohibited investments" if the annuitant under the RRSP or RRIF, or the holder of the TFSA, as the case may be, (i) does not deal at arm's length with Veresen for purposes of the Tax Act, (ii) has a "significant interest" (as defined in the Tax Act) in Veresen, or (iii) has a "significant interest" (as defined in the Tax Act) in any corporation, partnership or trust with which Veresen does not deal at arm's length for purposes of the Tax Act. The Department of Finance (Canada) released draft legislation on December 21, 2012 (the "**December 2012 Proposals**") that proposes to eliminate the condition in (iii) above. In addition, pursuant to the December 2012 Proposals, the Series C Preferred Shares will generally not be "prohibited investments" if the Series C Preferred Shares are "excluded property" as defined in the December 2012 Proposals for trusts governed by an RRSP, an RRIF or a TFSA.

**Prospective purchasers who intend to hold Series C Preferred Shares in their RRSP, RRIF or TFSA should consult their own tax advisors regarding their particular circumstances, including with respect to the December 2012 Proposals.**

## CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Counsel, the following summary, as of the date hereof, describes the principal Canadian federal income tax considerations generally applicable under the provisions of the Tax Act to a prospective purchaser of Series C Preferred Shares pursuant to the prospectus supplement and the Prospectus and to a holder of the Series D Preferred Shares who acquired such shares as a result of the conversion of the Series C Preferred Shares (a "**Holder**") who, at all relevant times, for the purposes of the Tax Act, is (or is deemed to be) resident in Canada, deals at arm's length with and is not affiliated with Veresen and holds the Series C Preferred Shares or will hold the Series D Preferred Shares, as applicable, as capital property. Generally, the Series C Preferred Shares or the Series D Preferred Shares will be considered to be capital property to a Holder provided the Holder does not hold the shares in the course of carrying on a business of trading or dealing in securities and has not acquired them in one or more transactions considered to be an adventure or concern in the nature of a trade. Certain Holders who might not otherwise be considered to hold their Series C Preferred Shares or Series D Preferred Shares as capital property may, in certain circumstances, be entitled to have such shares and all other "Canadian security", as defined in the Tax Act, owned by the Holder in the taxation year of the election and in all subsequent taxation years, treated as capital property by making the irrevocable election permitted by subsection 39(4) of the Tax Act. Holders who will not hold their Series C Preferred Shares or Series D Preferred Shares, as applicable, as capital property should consult their own tax advisers with respect to their own particular circumstances. This summary assumes that the Series C Preferred Shares and the Series D Preferred Shares will be listed on a designated stock exchange in Canada within the meaning of the Tax Act (which currently includes the TSX) at all relevant times.

This summary is not applicable to: (i) a Holder that is a "financial institution", as defined in the Tax Act for the purpose of the "mark-to-market" property rules; (ii) a Holder an interest in which would be a "tax shelter investment", as defined in the Tax Act; (iii) a Holder that is a "specified financial institution" as defined in the Tax Act; (iv) a Holder which has made a "functional currency" election under the Tax Act to determine its Canadian tax results in a currency other than Canadian currency; (v) a Holder that is exempt from tax under the Tax Act; or (vi) a Holder that has entered into or will enter into, in respect of the Series C Preferred Shares or the Series D Preferred Shares, a "derivative forward agreement" as that term is defined in proposed amendments to the Tax Act released by

the Minister of Finance on September 13, 2013. Any such Holder should consult its own tax advisors with respect to an investment in the Series C Preferred Shares or the Series D Preferred Shares.

This summary is based upon the current provisions of the Tax Act and the Regulations, all specific proposals to amend the Tax Act and the Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the "**Proposals**"), existing case law and Counsels' understanding of the current administrative and assessing practices and policies of the Canada Revenue Agency published in writing prior to the date hereof. This summary assumes that the Proposals will be enacted in the form proposed, however, no assurance can be given that the Proposals will be enacted in their current form, or at all. This summary is not exhaustive of all possible Canadian federal income tax considerations and, except for the Proposals, does not take into account or anticipate any changes in law, whether by legislative, governmental or judicial decision or action, nor does it take into account any provincial, territorial or foreign income tax legislation or considerations.

**This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular Holder of Series C Preferred Shares or Series D Preferred Shares. No representations are made with respect to the income tax consequences to any particular Holder. Consequently, prospective Holders should consult their own tax advisors with respect to their particular circumstances for advice with respect to the tax consequences to them of acquiring, holding and disposing of the Series C Preferred Shares or Series D Preferred Shares, including the application and effect of the income and other tax laws of any country, province, state or local tax authority.**

## **Dividends**

Dividends (including deemed dividends) received (or deemed to be received) on the Series C Preferred Shares or the Series D Preferred Shares, as the case may be, by an individual (other than certain trusts) will be included in the individual's income and will be subject to the gross-up and dividend tax credit rules normally applicable to taxable dividends received from taxable Canadian corporations. Individuals are entitled to an enhanced gross-up and dividend tax credit in respect of "eligible dividends" received from taxable Canadian corporations, such as Veresen, if such dividends have been designated as eligible dividends by Veresen at or before the time of payment. Veresen has, by notice in writing on its website, indicated that all dividends paid on its shares will be designated as "eligible dividends" for Canadian income tax purposes. This notice on Veresen's website states that the designation will apply until a notification of a change is posted on the website. Management of Veresen anticipates that this designation will apply to dividends paid to holders of the Series C Preferred Shares and the Series D Preferred Shares unless otherwise notified on its website.

Dividends received by a Holder who is an individual (other than certain trusts) may give rise to a liability for alternative minimum tax under the Tax Act.

Dividends (including deemed dividends) received on the Series C Preferred Shares or the Series D Preferred Shares, as the case may be, by a Holder which is a corporation will be included in computing the Holder's income and will generally be deductible in computing the Holder's taxable income. A "private corporation", as defined in the Tax Act, or any other corporation controlled (whether by reason of a beneficial interest in one or more trusts or otherwise) by or for the benefit of an individual (other than a trust) or a related group of individuals (other than trusts), will generally be liable to pay a 33 $\frac{1}{3}$ % refundable tax under Part IV of the Tax Act on dividends received (or deemed to be received) on the Series C Preferred Shares or the Series D Preferred Shares, as the case may be, to the extent such dividends are deductible in computing its taxable income.

The Series C Preferred Shares and the Series D Preferred Shares will be "taxable preferred shares" as defined in the Tax Act. The terms of the Series C Preferred Shares and the Series D Preferred Shares require Veresen to make the necessary election under Part VI.1 of the Tax Act so that corporate Holders will not be subject to tax under Part IV.1 of the Tax Act on dividends received (or deemed to be received) on the Series C Preferred Shares or the Series D Preferred Shares.

## **Redemption**

If Veresen redeems Series C Preferred Shares or the Series D Preferred Shares, or otherwise acquires or cancels Series C Preferred Shares or Series D Preferred Shares (other than by a purchase by Veresen of the shares in the open market in the manner in which shares are normally purchased by any member of the public in the open market), the Holder will be deemed to have received a dividend equal to the amount, if any, paid by Veresen in excess of the paid-up capital (as determined for purposes of the Tax Act) of such shares at such time. Generally, the difference between the amount paid by Veresen and the amount of the deemed dividend will be treated as proceeds of disposition for purposes of computing the capital gain or capital loss arising on the disposition of such shares. See "Dispositions" below. In the case of a corporate holder, it is possible that in certain circumstances all or part of any such deemed dividend may be treated as proceeds of disposition and not as a dividend.

## **Conversion**

The conversion of the Series C Preferred Shares into Series D Preferred Shares and the conversion of Series D Preferred Shares into Series C Preferred Shares will not give rise to a disposition of property for purposes of the Tax Act and, accordingly, will not give rise to a capital gain or capital loss. The cost to a Holder of the Series D Preferred Shares or Series C Preferred Shares, as the case may be, received on a conversion will, subject to the cost base averaging rules contained in the Tax Act for identical properties, be deemed to be equal to the Holder's adjusted cost base of the converted Series C Preferred Shares or Series D Preferred Shares, as the case may be, immediately before the conversion.

## **Dispositions**

A Holder who disposes of or is deemed to dispose of Series C Preferred Shares or the Series D Preferred Shares (including on a redemption but not on a conversion) will generally realize a capital gain (or sustain a capital loss) to the extent that the Holder's proceeds of disposition, net of any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of such shares to the Holder. The amount of any deemed dividend arising on the redemption, acquisition or cancellation by Veresen of Series C Preferred Shares or Series D Preferred Shares, as the case may be, will generally not be included in computing the Holder's proceeds of disposition for purposes of computing the capital gain (or capital loss) arising on the disposition of such Series C Preferred Shares or Series D Preferred Shares, as the case may be. See "Redemption" above. If the Holder is a corporation, any capital loss arising on a disposition of a Series C Preferred Share or a Series D Preferred Share, as the case may be, may, in certain circumstances, be reduced by the amount of any dividends, including deemed dividends, which have been received (or deemed to be received) on the Series C Preferred Share or the Series D Preferred Share or any share which was converted into such share. Analogous rules apply to a partnership or trust of which a corporation, partnership or trust is a member or beneficiary.

Generally, one-half of any capital gain realized in a taxation year will be included in computing the Holder's income in that taxation year as a taxable capital gain and, generally, one-half of any capital loss realized in a taxation year (an "allowable capital loss") must be deducted from the Holder's taxable capital gains realized by the Holder in the same taxation year, in accordance with the rules contained in the Tax Act. Allowable capital losses in excess of taxable capital gains realized by a Holder in a particular taxation year may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized by the Holder in such taxation years, subject to and in accordance with the rules contained in the Tax Act. Capital gains realized by an individual may give rise to a liability for alternative minimum tax under the Tax Act. Taxable capital gains of a "Canadian-controlled private corporation", as defined in the Tax Act, may be subject to an additional refundable tax at a rate of 6⅔%.

## **RISK FACTORS**

An investment in the Series C Preferred Shares and Series D Preferred Shares is subject to various risks including those risks inherent to the industries in which we operate. Before deciding whether to invest in any Series C Preferred Shares or Series D Preferred Shares, prospective purchasers should consider carefully the risk factors contained in and incorporated by reference in, as applicable, the Prospectus and this prospectus supplement.

Discussions of certain risk factors affecting us in connection with our businesses are provided in our annual disclosure documents filed with the securities commissions or similar securities regulatory authorities in each of the provinces of Canada which are incorporated by reference in the Prospectus and this prospectus supplement. In particular, see "Risk Factors" in the AIF and "Risks" in the 2012 MD&A.

### **Market for Securities**

There is no market through which the Series C Preferred Shares or Series D Preferred Shares may be sold and purchasers of Series C Preferred Shares may not be able to resell the Series C Preferred Shares purchased under this prospectus supplement. This may affect the pricing of such securities in the secondary market (if any), the transparency and availability of trading prices, the liquidity of the securities (if any), and the extent of issuer regulation. The price offered to the public for the Series C Preferred Shares and the number of Series C Preferred Shares to be issued have been determined by negotiations between the Underwriters and us. The price paid for each Series C Preferred Share may bear no relationship to the price at which the Series C Preferred Shares will trade in the public market subsequent to this Offering. We cannot predict at what price the Series C Preferred Shares or Series D Preferred Shares will trade and there can be no assurance that an active trading market will develop for the Series C Preferred Shares or Series D Preferred Shares or, if developed, that such market will be sustained. The TSX has conditionally approved the listing of the Series C Preferred Shares and the Series D Preferred Shares. Listing will be subject to us fulfilling all of the listing requirements of the TSX on or before January 9, 2014, including distribution of the Series C Preferred Share for to a minimum number of public securityholders. There can be no assurance that the Series C Preferred Shares and the Series D Preferred Shares will be accepted for listing on the TSX.

### **Market Price**

The market price of the Series C Preferred Shares and Series D Preferred Shares may fluctuate due to a variety of factors relative to our business, including announcements of new developments, fluctuations in our operating results, sales of the Series C Preferred Shares and Series D Preferred Shares in the marketplace, failure to meet analysts' expectations, any public announcements made in regard to the Offering, the impact of various tax laws or rates and general market conditions or the worldwide economy. In recent years, stock markets have experienced significant price fluctuations, which have been unrelated to the operating performance of the affected companies. There can be no assurance that the market price of the Series C Preferred Shares and Series D Preferred Shares will not experience significant fluctuations in the future, including fluctuations that are unrelated to our performance.

Prevailing yields on similar securities will affect the market value of the Series C Preferred Shares and Series D Preferred Shares. Assuming all other factors remain unchanged, the market value of the Series C Preferred Shares and Series D Preferred Shares would be expected to decline as prevailing yields for similar securities rise and would be expected to increase as prevailing yields for similar securities decline. Spreads over the Government of Canada Yield, T-Bill Rate and comparable benchmark rates of interest for similar securities will also affect the market value of the Series C Preferred Shares and the Series D Preferred Shares in an analogous manner.

### **Dividends**

The dividend rate in respect of the Series C Preferred Shares and the Series D Preferred Shares will, following the Initial Fixed Rate Period, reset every five years and quarterly, respectively. In each case, the new dividend rate is unlikely to be the same as, and may be lower than, the dividend rate for the applicable preceding dividend period.

Solvency tests imposed by the *Business Corporations Act* (Alberta) and provisions of various trust indentures and credit arrangements to which we are a party restrict our ability to declare and pay dividends under certain circumstances and, if such restrictions apply, they may, in turn, have an impact on our ability to declare and pay dividends on the Series C Preferred Shares and Series D Preferred Shares.

Investments in the Series D Preferred Shares, given their floating interest component, entail risks not associated with investments in the Series C Preferred Shares. The resetting of the applicable rate on a Series D Preferred Share may result in a lower yield compared to fixed rate Series C Preferred Shares. The applicable rate on a Series D Preferred

Share will fluctuate in accordance with fluctuations in the T-Bill Rate on which the applicable rate is based, which in turn may fluctuate and be affected by a number of interrelated factors, including economic, financial and political events over which we have no control. See "Details of the Offering - Certain Provisions of the Series D Preferred Shares – Dividends on Series D Preferred Shares".

Dividends on the Series C Preferred Shares and the Series D Preferred Shares are payable at the discretion of the Board of Directors.

In addition, holders may be prevented from converting their Series C Preferred Shares into the Series D Preferred Shares in certain circumstances. See "Details of the Offering".

the Series C Preferred Shares" and "Details of the Offering — Redemption of the Series D Preferred Shares", including when prevailing interest rates are lower than yield borne by the Series C Preferred Shares and the Series D Preferred Shares. If prevailing rates are lower at the time of redemption, a purchaser would not be able to reinvest the redemption proceeds in a comparable security at an effective yield as high as the yield on the Series C Preferred Shares or the Series D Preferred Shares being redeemed.
